

and then it Happened.....

On October 24<sup>th</sup>, St. Jacobs is pleased to welcome author Michael Wade to our school. Mr. Wade and his wife Laura live in Strathroy Ontario and write a series of books that many of our students have read and enjoyed. All are titled "And Then it Happened". Each chapter of books 1 thru 11 chronicle the humorous antics of three friends in their everyday life. Our students find these books are extremely funny and can cause giggling, snickering or uncontrollable laughter. They are guaranteed to get both boys and girls reading! I'm sure Mr. Wade's presentation will be the same. He says he is not responsible for any stomach-aches that may result from reading his books. You can learn more about Michael and Laura Wade on their website: [www.boysbookshelf.com](http://www.boysbookshelf.com).

The timing of the presentation will be posted on our St. Jacobs Public School website. Parents are always welcome.

Note that several of their books that we circulate have CDs. On your next road trip, your whole family might enjoy a good giggle!
