

# St. Jacobs Lions Club

## Lions are The People in Your Neighbourhood!

Melissa Fishman joined the St. Jacobs Lions Club early in 2014. She - along with other active moms in the community - founded the St. Jacobs Community Association, a group committed to organizing opportunities for residents to come together for activity, fun and connection. Mel joined the Lions Club initially in response to its offer of support for the association's goals and now also helps out with other club initiatives.

Mom to children Samantha and Brandon, Mel is an Engineer, and loves woodworking and cooking fresh, healthy food. An avid squash player and school volunteer, Mel is always on the go.
